Keep this field only on this page. The interconnected clones will be eliminated. Create interconnected clones of this field for all the pages of the document. Create interconnected clones of this field for all the pages of the document except the Last. Move this field at the last page. The interconnected clones will be eliminated. Place the interconnected clones of this field only in the selected pages. You can sign a document to certify your content or approve the document. This document explains how to sign a document or contract with the Acrobat or Reader's desktop application. To sign a PDF document or a form, you can write, draw or insert an image of your handwritten signature. Also © can also add text, such as your name, company, charge or date. When saving the document, the signature and the text become part of the PDF. It is also possible © capture an image of its subscription using the Adobe Acrobat Reader mobile application and remove it from Adobe Document Cloud so that it is synchronized and available for use on your desktop and other mobile devices. For more information, see Capture your subscription on mobile devices and use it anywhere. Open the document or PDF form that you want to sign. Click on the signature icon on the toolbar. As an alternative, select Tools> Fill and sign or select Fill and sign on the right pane. Shown A © the tool filling and signing. Click Fill and Sign. The fields of the form are detected automatically. Place the cursor over a field to show a blue picture. Click on any place in the blue box and the cursor will be placed in the correct position automatically. Type a text to fill in the field. Slide the mouse to display the detected text field You can choose the desired color to fill out the PDF form. Click on the Color button on the button Fill and sign and choose the desired color. By pattern, the color of the signature is black. To maintain the standard color of the signature, make sure that the Keep color of the assinaturas option is cleared. Click the Sign icon in the toolbar and choose whether to add the signature or only its initials. If you have already added signature or initials, they will be displayed as options for choice. If you have already added your signature or initials, simply select them in the Subscription options and then click on the location within the PDF where you want to add the signature. Go to the next step. If you are signing for the first time, you escape the Signature or Initials panel. See below for an exemplar from the Signatures panel. You can type, draw, or import a signature image. Signatures and added initials are saved for future use. Type: Type your name in the field. You can choose from a small select of signature styles; Click Change style to see a different style. Draw: Draw your signature on the field. Image: Search and select an image of your signature. Save subscription: When this check box is selected and you are connected to Acrobat Reader or Acrobat, the added signature © saves a note in adobe document cloud for reuse. Click Apply, and then click the location of the form in which you want to enter the signature or its initials. To move a signature or initial positioned, click the field to detach it and use the forward keys. To resize or escape the field, use as options in the field toolbar. If you want to use an image as your signature: Sign your name in black ink on a coesa and blank sheet. Sign in the middle of the paper so as not to photograph or scan as edges. Photograph or scan your signature. In case I have to...if the page is illuminated and if no shadow passes through the signature. Transfer the photo or scan to your computer. Acrobat/Reader is available with JPG, JPEG, PNG, GIF, TIFF, TIF and BMP files. No. I need to crop the image. Acrobat/Reader only imports the signature if the photo or scan is relatively clear. If someone has used Adobe Sign to send you a subscription agreement, you will receive an email notification with a link to sign the agreement. In addition, if you use the Acrobat DC or Acrobat Reader DC desktop application, you will see a notification that the contract has been shared with you for subscription. Do one of the following to sign a contract that is sent to you using Adobe Sign: In Acrobat DC or Acrobat Reader DC, click Start. In the Sign Up section, click All contracts.All contracts shared or received for subscription are displayed. Double-click the contract with the status Waiting for You, or select the contract and click Sign on the right pane.The contract is open. Click on the fields and enter the requested information. Click on the signature field.If you are signing for the first time, you will see the Signature or Initials panel.Type: Type your name in the field. You can choose from a small selection of signature styles; Click Change Style to see a different style. Draw: Draw your signature on the field. Image: Find and select an image of your signature. Mobile:Select this option to create your signature on a mobile device. Enter your phone number and click Send. An email link to your mobile phone. When you click on the link, your mobile device's web browser will be A © so that you can draw or select a picture of your signature. Save: when this checkbox is enabled and you are connected to Acrobat o Acrobat, the added signature is securely stored in the Adobe document cloud for reuse. Click Apply to place the signature or initials. Click Click Click to subscribe. Click on the link from the link received in your subscription email. The contract will open in a web browser. Click on the fields and enter the requested information. Click on the subscription field. If you are signing for the first time, you will see the signature panel or the initials. You can write, draw or import a signature image. Added signatures and initials are saved for future use. Type: Enter your name in the field. You can choose from a small selection of signature styles; Click Change Style to see a different style. Draw: Draw your signature on the field. Image: Find and select an image of your signature. Cell phone: Select this option to create your signature on a mobile device. Enter your phone number and click Send. A link is sent to your cell phone. When you click on the link, the web browser on your mobile device is open so you can draw or select a picture of your signature.
